

COURSE NAMES

Changes that will impact Fall 2025 course schedules

Recently, the College of IST changed the course prefix of several IST and SRA courses. The purpose of this change is to affiliate courses with the degree program that best reflects the course topic. The course content has not changed; **ONLY** the prefix.

WHAT DOES THIS MEAN FOR YOU?

This change will be effective starting Fall 2025. As you build your semester schedule, please note these changes and register for the new appropriate course that corresponds with the original course. Below is a comprehensive list of all courses affected by this change.

If you have questions, please contact your academic adviser or come to College of IST Advising drop-ins: <https://ist.psu.edu/current/appointments>
