Research Incentive Funds (RIF) IST_FN-06 Administrative Guideline

The College receives the annual RIF funds in January based on the previous year's research expenditures. The funds are split, with 30% being allocated to support the PI's research activities and 70% being retained by the College to be invested in support of research activities.

Faculty RIF balances carry-forward from one year to next and may be used at the discretion of the individual faculty as long as the use is consistent with relevant University policies.
